working together to beat litter

Dear %%Name%%

Last week CPRE published important research - *Have we got the bottle? Implementing a deposit refund scheme in the UK.*

The report shows a deposit refund scheme would deliver significant economic, social and environmental benefits - reduced litter, reduced waste going to landfill and a big increase in recycling rates. You can read a copy of the news release and access a summary copy of the report from the [LitterAction website](#).

CPRE has set up a simple, clear and direct e-card that you can send to the Government. Just follow the link below, fill in your details and the card is sent directly to them.

<http://e-activist.com/ea-campaign/clientcampaign.do?ea.client.id=21&ea.campaign.id=7604&ea.tracking.id=litter-action-eneus>

We at LitterAction would urge you to do this and hope that you enjoy the rest of your day.

Very best wishes

Will Gates
